

MODEL 2250R

Hydrostatic Stump Grinder

The Model 2250R is a revolutionary machine in the smaller stump grinder arena, ideally suited both for rental companies and stump grinding professionals with its **25-horsepower gasoline engine**. It uses a heavy-duty hydrostatic motor to directly power the cutter wheel, **eliminating the need for a clutch, jackshaft, drive belt, belt tensioning system, and the many sheaves and bearings** associated with those components. This considerably reduces downtime for maintenance, which translates to a lower cost of ownership and a **more productive** machine.

MANEUVERABLE AND POWERFUL

- 25-horsepower gasoline engine
- Low-maintenance **hydrostatic drive**
- Comes standard with the Bandit® **Revolution cutter wheel**

High Power With Low Maintenance

Bandit's **hydrostatic direct-drive** stump grinders deliver all the stump grinding power demanded by professionals, without all of the maintenance normally associated with stump grinders. It's not uncommon for companies to see maintenance costs drop by as much as 30 percent, compared to traditional stump grinders.

Class-Leading Performance

The Model 2250R features a class-leading **50" cutter swing** for grinding, while also **grinding to a depth of 14"**. Equipped with the Bandit **Revolution wheel** as standard equipment, you'll spend less time repositioning and changing teeth and more time grinding. In addition, the 2250R **maneuvers well in tight areas**, enabling users to get to, and through, stumps faster than competitive machines.

Beltless Hydrostatic Drive

With no drive belts, sheaves, bearings or clutches to worry about, engaging the cutter wheel is **as simple as pushing a lever**. Easy-to-use **machine-mounted controls** are intuitive and positioned to provide superior visibility while grinding, allowing the operator to take full advantage of the Model 2250R's capabilities. This **reliable system** delivers power directly to the cutter wheel with **virtually no parasitic power loss**.

Specifications

Dimensions:

| | |
|--------------------|--------------|
| LENGTH (W/BLADE) : | 112" |
| HEIGHT: | 44-3/4" |
| WIDTH: | 35" |
| WEIGHT: | 1,380 lbs. |
| FUEL TANK: | 8.75 gallons |
| HYDRAULIC TANK: | 8.75 gallons |

Engine options:

| | |
|------|--------------|
| GAS: | 25 HP Kohler |
|------|--------------|

Cutter Wheel System:

| | |
|----------------|---------|
| CUTTER DEPTH: | 14" |
| CUTTER HEIGHT: | 24-1/2" |
| CUTTER SWING: | 50" |

| | |
|------------------|------------|
| WHEEL STYLE: | Revolution |
| WHEEL DIAMETER: | 20-1/4" |
| WHEEL THICKNESS: | 1/2" |

| | |
|---------------|---|
| Drive System: | Self-propelled drive system with a 2-wheel drive assembly |
|---------------|---|
