

INTIMIDATOR™ 12X

12" Capacity Hand-Fed Chipper

The Intimidator 12X is the ultimate entry-level 12" capacity drum style chipper for tree care companies, municipalities, and even rental yards. This chipper **prioritizes portability** yet surrenders none of the raw chipping power Bandit is known for. Every detail of the chipper was selected to give operators a capable machine that can easily be towed behind a standard-duty pickup truck.

FOR THAT MATTER

The 12X is designed for entry-level tree care companies, municipalities, rental yards, and utility right-of-way crews that need portability as well as durability to process volumes of wet, leafy, limby, and stringy material including palm fronds.

SLIMMED DOWN, YET ROBUST

The 12X was built to be light and nimble, but it's not lacking in power. The 14-foot length and 6-foot 2-inch width means this machine is compact, and at only 4,700 lbs, it can easily be towed by a regular pickup truck.

CHIP CHOP

The 12X will process tree trimmings and brush quickly and efficiently. The single 15 3/4" diameter by 21-3/8" feed wheel will pull in and compress stubborn branches, especially with the aid of an optional infeed lift cylinder. The 20" diameter drum spins two knives at nearly 2,000 rpm to chip quickly.

EASY TO SERVICE, A PLEASURE TO RUN

The 12X is also designed to be easy to operate, so operators will get maximum uptime from their machine. With only two knives to maintain and few points requiring grease, the machine's daily maintenance routine should only take minutes. And intuitive controls mean rental customers will feel like seasoned professionals after only a few minutes of run time.

COMMITTED TO QUALITY & SERVICE

The Bandit Backbone™ Support

The Bandit Backbone is Bandit's commitment to customer service and support. It's always been a cornerstone of Bandit's philosophy, and today that backbone is stronger than ever. If you own a Bandit hand-fed chipper – regardless the age, hours, or warranty status – the Bandit Backbone is here to support you.

We Are Here to Support You

There are nearly 200 dealer locations in the US and over 60 international dealers to support you. They are factory trained. Plus we have an experienced parts and service department supporting you and our dealers.

INTIMIDATOR™ 12X FEATURES

- **Rope/Line Shear Device (standard)**
Provides an improved chance that rope or lines inadvertently entering the chipper may be cut
- **Last Chance Cables (standard)**
Stops/reverses the feed wheel when pulled in case of an emergency
- **Operator Safety Control Bar (standard)**
Wraps around 3 sides of the infeed chute & controls the direction of feed wheels
- **Wood Pusher Paddle (standard)**
Used to feed small wood debris into the chipper
- **Chipper Hood Pin w/Padlock (standard)**
Prevents unauthorized access to the disc or drum
- **Chipper Hood Engine Disable Plug (standard)**
Prevents engine from being started without the hood pin in place
- **Hydraulic Bottom Bump Bar (option)**
Stops feed wheels via mechanical connection when bumped, diverting hydraulic power away from the feed wheels
